ELITE TRIMMING TECHNOLOGIES

# TRIM WET

Our  
Machines Do  
Both!

# TRIM DRY

All Centurion Pro Trimmers have the versatility to trim both wet or dry flowers - all with a simple change of the tumbler.

## BEST WARRANTY IN THE INDUSTRY

At Centurion Pro, we know of the problems associated with downtime and the importance of tight time-lines when it comes to the harvesting process. This is why all of our trimmers are backed by a 10-year warranty. Our knowledge, experience and technology will keep you up and running smoothly for decades to come.

Trust us, we got your back!!

SUPPORT

## INDUSTRIAL CAPACITY

At Centurion Pro Solutions, we believe in having our tumblers side-by-side, not back-to-back in order to prevent extended lengths of time that your product is traveling through the machine.

Less Tumbler Travel & Less Agitation = Better Quality

## TABLETOP PRO

MRSP \$4,495 USD

The Centurion Tabletop Pro is masterfully engineered to be the most efficient and delicate tumble style trimmer in the world. Weighing only 35 lbs, this new innovation is built for home trimming. Trim in your backyard, garage, discretely in your home or anywhere else you can think of.

The Tabletop Pro replaces over 6 human trimmers without sacrificing quality. This machine works with both wet and dry flowers and will harvest 4-5 lbs dry (15-20 lbs wet) per hour of use. The Tabletop Pro runs completely off 120v power and comes with a strong 1 hp leaf collector with 1800 CFM of suction power.

### TABLETOP TRIMMER

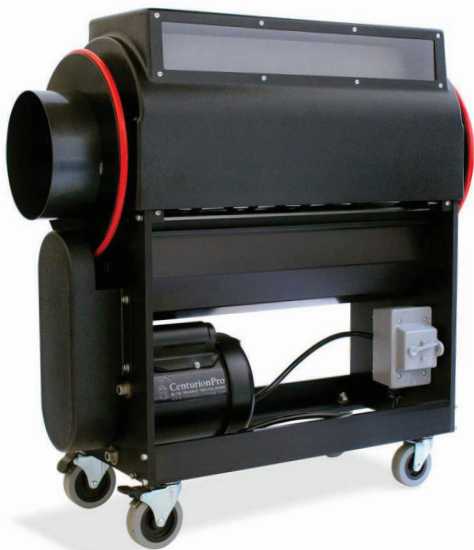

Input Voltage	6 Amp - 110V NA
Dimensions	24" L x 10" W x 21" H
Weight	35 lbs
Tumbler Diameter	5.5"
Cuts Per Minute	20,000
Blades Per Reel	5

### TABLETOP LEAF COLLECTOR

Input Voltage	12 Amp - 110V NA
Dimensions	16" L x 13.5" W x 13.5" H
Weight	35 lbs
Horse Power	1 hp
Airflow Capacity	1800 CFM

## MINI PRO

MRSP \$6,895 USD

The Centurion Mini Pro is a powerhouse in a small package and is one of the most sought-after machines on the market. Don't be fooled by the name, this miniature version of the Original still packs quite the punch.

This machine will do the work of up to 15 human trimmers without sacrificing quality. Trim either wet or dry flowers and harvest 10-12 lbs dry (50-60 lbs wet) per hour of use. The Mini runs completely off a 120-volt power and comes inclusive with a 1.5 hp leaf collector system with 2000 CFM of suction power. Perhaps the most distinctive quality of The Centurion Pro Mini is the 11 high quality blades which are more than double of what the competitors offer.

Cuts Per Minute	25,000
Blades Per Reel	11

### MINI LEAF COLLECTOR

Input Voltage	14 Amp - 110V NA
Dimensions	19" L x 19" W x 16" H
Weight	60 lbs
Horse Power	1.5 hp
Airflow Capacity	2000 CFM

## ORIGINAL & SILVER BULLET

ORIGINAL: MRSP \$8,995 USD

SILVER BULLET: MRSP \$9,595 USD

The machine that started it all, the Centurion Original Pro is hands down the best industrial trimmer on the market. These machines do the work of over 20 human laborers without sacrificing quality! Both the Original & Silver Bullet sit at 30" in length X 13" wide X 26" high and are built for mid-sized operations.

Trim either wet or dry flowers and harvest 14-16 lbs dry (70-80 lbs wet) an hour. These machines come inclusive with a 3hp leaf collector system that produces 2750 CFM of suction power. The Silver Bullet, the twin sibling to the Original, comes with a marine grade infinity Bluetooth stereo and silencer to reduce noise of the trimmer by 30%.

### ORIGINAL & SILVER BULLET LEAF COLLECTOR

Input Voltage	15 Amp - 220V NA
Dimensions	18.5" L x 20" W x 20" H
Weight	70 lbs
Horse Power	3 hp
Airflow Capacity	2750 CFM

## THE GLADIATOR

MRSP \$13,995 USD

With the highest production volume per hour, the Centurion Gladiator Pro provides class-leading power and processing capacity. This is the highest capacity automated trimming machine in the world. Managing the work of over 40 human trimmers without sacrificing quality, the Gladiator has no equal.

Suitable for either wet or dry flowers, this machine will harvest 28-32 lbs dry (140-160 lbs wet) per hour of use. The Gladiator features side-by-side cutting technology with 2-21" cutting reels, 2 Quantanium coated non-stick tumblers and an industrial strength 4hp leaf collector system with over 3000 CFM of suction power. Essentially two machines for the price of one.

Dimensions	19" L x 22" W x 23" H
Weight	90 lbs
Horse Power	4 hp
Airflow Capacity	3000 CFM

## UNSURPASSED QUALITY

### DURABILITY

The body and main components of Centurion Pro trimmers are composed entirely of Anodized Aluminum and Stainless Steel. These machines are built to withstand being moved around, repeated cleaning and prolonged use with zero issues.

### RUGGED, STAINLESS STEEL TUMBLERS

The tumblers on each Centurion Pro machine, are made of a rugged, 16 gauge, 304 stainless steel, not aluminum. Larger tumbler diameter ensures that our trimmers will produce more than any other machine on the market.

### HARDENED STEEL CUTTING REEL

Every machine features a Toro hardened steel cutting reel with high quality blades. Additionally, our magnetic blade technology ensures a consistently sharp blade and the cleanest cut in the industry.

### 40% GREATER TRICHOME PRESERVATION

Our QuanTanium Coated Tumblers delicately handle flowers and give 40% greater trichome preservation. This technology prevents precious trichomes from adhering to the tumbler surface without the need for special lubricants or sprays.

## BEST PERFORMANCE IN THE INDUSTRY

### MORE CUTTING POWER

Each of the Centurion Pro machines feature incredible cutting power ranging from 20,000 to 75,000 cuts per minute. Each system also comes with a well-designed leaf collector with a range of 1-4 hp motors for pure suction power.

### FINELY TUNED DIVERTER

Ensure the preservation of different strains and densities with our unique diverter that allows you to fine tune air flow and cut during the trimming process.

### HIGH PROCESSING CAPACITY

Centurion Pro machines have an impressive processing capacity with the ability to do the work of up to 40 human trimmers. This allows our machines to trim a substantial amount of product per hour, dry or wet.

### DOUBLE BAG SYSTEM

Our double bag system is designed for cleanliness, as well as trim and keif collection so you don't waste any of your precious product for further use.

Learn more at: [cprosolutions.com/keif-collection-bag-system/](https://cprosolutions.com/keif-collection-bag-system/)

### EXTRA LARGE HOPPER

All of our machines come standard with the largest hoppers in the industry to make consistent feeding of the machine easier.

## SIMPLISTIC DESIGN

### COMPACT SIZE

From small home grow operations, all the way up to large commercial facilities, our trimmers are suited for operations of all sizes. Each machine is designed with portability in mind while still being the most powerful trimmers on the market.

### EASY TO CLEAN

All of our machines, excluding the tumblers, can be quickly cleaned with a pressure washer in 10-20 minutes. The tumblers are easily cleaned with warm, soapy water and a quick wipe.

### EASY TO SET UP/TEAR DOWN

Each machine requires only 10-20 minutes for set-up and take down to leave you time for more important things.

### EASY TO MAINTAIN

We build our machines to be extremely simple with less moving components. This makes them easy to maintain and even fix if anything ever goes wrong.
